Delivery / Pickup Fees

The delivery/pickup and labor fees noted on the order form cover transportation fees from our warehouse to, and then back from, McCormick Place. Once at the center, union electricians will perform the final delivery and installation (and removal). Their fees will be billed directly to your booth by Focus One (McCormick Place Services). Special circumstances that may result in additional labor fees will be discussed and approved prior to execution.

If for any reason we need to make additional deliveries to the booth there may be additional labor fees charged. You must be present in your booth to accept the equipment or a second delivery fee will be assessed.
