An expert guide will point out the towering buildings of downtown and the upscale residences of the Gold Coast. Pause for a photo on the museum campus, home to the Shedd Aquarium, Adler Planetarium and Field Museum. Cruise down Michigan Avenue, the “Magnificent Mile,” home to countless world-renowned designers and shops. Glimpse the Merchandise Mart and other architectural marvels, a unique collection that rivals that of any other great city in the country. Visit the site where the Great Chicago Fire started and hear how it sparked a large urban growth spurt. Pass by the brilliant Buckingham Fountain. Along the way you’ll see some of the ethnic enclaves, such as Little Italy, that make Chicago a “city of neighborhoods.” The final stop will be the Sears Tower Skydeck, the best view in Chicago! On a clear day you can see 40–50 miles away. There is no finer view of the architecture than from atop this amazing structure.
